ROLES AND RESPONSIBILITIES

National Financial Services LLC and our broker/dealer play different roles with respect to the servicing of your brokerage account.

The role of our broker/dealer:

- Opening, approving, and monitoring your account(s).
- Determining the suitability of the investments in your account(s) based on information you provided to us.
- Responding to any questions or inquiries related to your account(s).

As custodian of your brokerage account, National Financial Services LLC, at the direction of our broker/dealer, is responsible for:

- The execution, clearance, and settlement of securities transactions.
- Preparing and sending periodic statements of your account and transaction confirmations.
- The custody (or safekeeping), receipt, and delivery of funds and securities.
- The extension of margin credit upon approval.

HOW YOUR ASSETS ARE PROTECTED

Both National Financial Services LLC and our broker/dealer are members of the Securities Investor Protection Corporation (SIPC), which was created in 1970 to protect customers of member broker/dealer firms in case of broker/dealer liquidation. A nonprofit membership corporation, SIPC is funded by broker/dealers, and protects their membership by law. To cover assets such as yours, the SIPC fund is supported by:

- \$1 billion line of credit with a bank consortium.
- Borrowing power of up to \$1 billion from the U.S. Treasury through the Securities and Exchange Commission (SEC).

Because the Securities Investor Protection Act of 1970 affords special benefits to SIPC-covered firms such as National Financial Services LLC, our agreement with National Financial Services LLC provides your assets a high level of coverage.

Securities in accounts carried by National Financial Services LLC are protected in accordance with the Securities Investor Protection Corporation (SIPC) up to \$500,000 (including cash claims limited to \$100,000). For details, please see www.sipc.org.

Within certain limits, SIPC coverage applies to both investor securities held by National Financial Services LLC and cash on deposit that will be used to purchase securities, or that has been generated from the sale of securities. This SIPC coverage protects your assets in the unlikely event that National Financial Services LLC should fail to meet its obligations, but this SIPC coverage is separate from the SIPC coverage that is available should we, as your broker/dealer, fail to meet our obligations. It also does not protect against a decline in the market value of your securities.

When analyzing your SIPC coverage, you should consider the following additional facts:

- The maximum SIPC coverage for covered amounts is \$500,000.
- Your cash balances awaiting reinvestment are protected up to \$100,000, which is included in the \$500,000 coverage.
- These limits are on a per-customer basis, as defined in the Securities Investor Protection Act.
- Most types of securities held in a brokerage account at National Financial Services LLC are protected, including stocks, bonds, notes, debentures, certificates of deposit (CDs), and mutual funds.

CUSTOMER ASSET PROTECTION COMPANY (CAPCO)

To supplement its SIPC coverage, National Financial Services LLC has arranged to offer additional protection for customers' cash and securities. CAPCO is an insurance company licensed by the state of Vermont, and has an A+ financial strength rating from Standard & Poor's.[®] CAPCO provides "excess SIPC" net equity protection to participating broker/dealers, for institutional and individual clients' securities accounts. "Excess SIPC" offers additional protection to that provided by the Securities Investor Protection Act, which is administered by SIPC. This additional protection covers total account net equity in excess of the \$500,000/\$100,000 coverage provided by SIPC. Remember, this account protection does not cover declines in the market value of securities, or apply to any failure on our part to meet their separate obligations outlined in your welcome letter.

REGULATORY CONTROLS FOR YOUR PROTECTION

As a registered broker/dealer, National Financial Services LLC is subject to the rules and regulations of the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), and other exchanges of which National Financial Services LLC is a member, and the Municipal Securities Rulemaking Board (MSRB). These regulatory organizations each have certain rules and regulations that National Financial Services LLC must follow to safeguard your assets, including:

- Maintaining net capital at required levels.

In compliance with SEC rules, National Financial Services LLC has its financial information audited every year by an independent public accounting firm. Further, as a member of the NYSE and FINRA and registered with the SEC, National Financial Services LLC is subject to their regulatory oversight and examinations.
