PART 4: Signature - Required

As instructed above, I request that the Bank correct a contribution that was made to my HSA.

I understand that I will receive no tax benefit for any contribution that is being returned and that by correcting the contribution the same year in which it was made, the contribution amount will not be reported on IRS Form 5498-SA that reflects HSA funds contributed.

I also understand that if an excess contribution is being corrected between January 1 and the April tax-filing deadline of the year following the year in which it was made, the excess contribution amount will be included in the contribution totals reported on IRS Form 5498-SA from the prior year, but it also will be reported as a distribution of "Excess contributions" on the current year's IRS Form 1099-SA, and there will be no tax penalty.

I take full responsibility and assume any and all liability for this correction.
